WARWICK UNIVERSITY TRIP

"Our trip to Warwick University"

On Monday 25th February, a group of children from Coundon Primary School had the opportunity to visit Warwick University for a campus day. We took part in different activities with our student ambassadors. They all are studying interesting subjects such as Engineering, Law, Theatre and many more. Our first task was to build a structure to go at the bottom of a glass case to save an egg from cracking. Our second task was a treasure hunt for us to find different sculptures made from calving, constructing and modelling. After that we went back inside Warwick University and collected a prize, the prize was a yoyo.

MOMO

On Wednesday, several parents had contacted the school as their child had been exposed to this whilst on Kids YouTube. There were also groups of children who were aware of it, who were spreading rumours to other children on the playground. Some children became upset and were asking staff about it. As a result of this we tried to respond as soon as possible, and sent out a leaflet from the Local Authority. However, we very much appreciate the feedback from parents. Should there be anything of such a delicate nature in future we will ensure that leaflets are placed in envelopes for the parents only. Thank you again to everyone who gave us some feedback.
