

Coundon Primary School

Together **E**veryone **A**chieves **M**ore

School council meeting 20/10/21

Returning to school. How it has been for children?

- Children felt they were relying on teachers too much and needed to develop independence. When at home parents always helped and they have become a little reliant on this.
- Anxiety in Year 6 around Sats
- Children identified that bedtime routines had gone out of the window and they recognised they needed to return to a school bedtime routine as they were often tired in school.
- Several children were nervous about falling back and not doing as well as they had in previous years. This had stemmed from school reports.
- Happy to be back with friends
- Children asked for Space challenge to return as they felt stars didn't always challenge them enough (Space challenge had stopped in some classes)
- Would like to be in ability sets but this was more to be with friends in other classes.

What charity would they like to support this year?

- Homeless
- Cancer Research
- RSPCA
- NHS

We reduced down to homeless and NHS and said we would vote between these 2 in classes

Ice Rink

Lots of interest majority wanted to participate in day skate

Additional school activities to raise money

- Discos
- Bonfire Firework Display 2022
- Snowman Competition again

Christmas Disco

They would all like a Christmas Disco except 4PP

Additional ideas

- The children want the daily mile to return
- They'd like the Chill out Zone to be open at playtimes and lunch time
- They'd like a peaceful room at breaks to read etc
- They'd like an after school mindfulness Club
- They want to play Sports matches against other schools.
- They'd like a school Football Club and Football kits with Coundon Primary on which they could wear to competitions.
- They'd like to do more cooking in school
